

Get creating with SPATZ Mini Peeps® product “dezhign it” sheets.
Simply print out this sheet and have your mini peep create the ultimate work of art!

We will only print art created within the outline so please ensure your mini peep keeps thier creation within the outline. (Please note that outlines are not to scale and we will resize your artwork to fit our products.)

Avoid using really light colours, bold vibrant colours will create the best print on your product. Photos, Glitters, stamps and stickers are also a great idea.

Don't forget to have your budding artist sign their creation or add a name and date!

To submit your artwork to us simply scan it in and attach the file when placing your order or place your order and post your artwork to us here @ SPATZ HQ!

Show Me Some Colour!
